ISI Agents in States

4627. SHRI AMAR SINGH: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether Government's attention has been drawn to the news-item published in the 'Pioneer', dated 23rd March, 1998, under the caption "ISI agents turn Indians to fool authorities";

(b) if so, what are the details of such agents operating in each State; and

(c) what action Government have taken to check their infiltration and operation in our territory?

THE MINISTER OF HOME AFFAIRS (SHRI L.K. ADVANI): (a) Yes, Sir.

Following the civil strife in Afghanistan, a large number of Afghan nationals have been coming to India as refugees. In addition, a number of Pakhtoons have also been staying in India with an undefined status. As the situation in Afghanistan continues to be fluid, some of the Afghan nationals are reported to have fraudulently acquired Passports, Identity Cards etc. However, Government has no information regarding their working for Pak Intelligence Agencies. Similarly, the contention in the news article that there are over 10,000 Pak ISI agents operating in the North Eastern region of the India is highly exaggerated. Also there is no information regarding concentration of ISI agents in Tinsukia region of Assam.

(c) The Government has taken a number of steps to check illegal infiltration across our border. Border vigil and patrol have been intensified and fencing and flood lighting have been provided in sensitive areas like Punjab and Rajasthan. The State Governments are also sensitised from time to time and there is a coordinated effort among various security and intelligence agencies to check illegal infiltration in the country.
